

PRODUCTION

Floor layer-carpet fitter m/f

Job and assignments

On floors or walls, he/she lays all types of covers: linoleum, carpets, fabrics, mosaics, plastic materials...

He/she strips and sands before coating the surfaces.

He/she measures surfaces considering the interior fittings, angles and existing openings.

As an expert he/she uses specific tools and works toward perfect finish.

His/her position is essential to the harmony of the boat interior.

Work environment

He/she works inside the ship, in the cabins, wardroom, restroom or in the workshop for pre-assembled cabins.
